ACADEMIC PROJECTS

PHOTOGENIC (07/2022 - 12/2022)

Photogenic is a website that allows people to easily book professional photographers online. Instead of having to manually request a photographer, customers can use this system to easily make their booking. This makes the process much simpler and more convenient for those looking for photography services.

DISASTER MANAGEMENT SYSTEM

Disaster Management System is a mobile app that helps people during a disaster. The app provides notifications and assistance related to disasters all in one place, so it's easy to get the help you need quickly. If you're affected by a disaster, this app can be really helpful.
